resharpening*

**Never let a tooling shortage
control your production.**

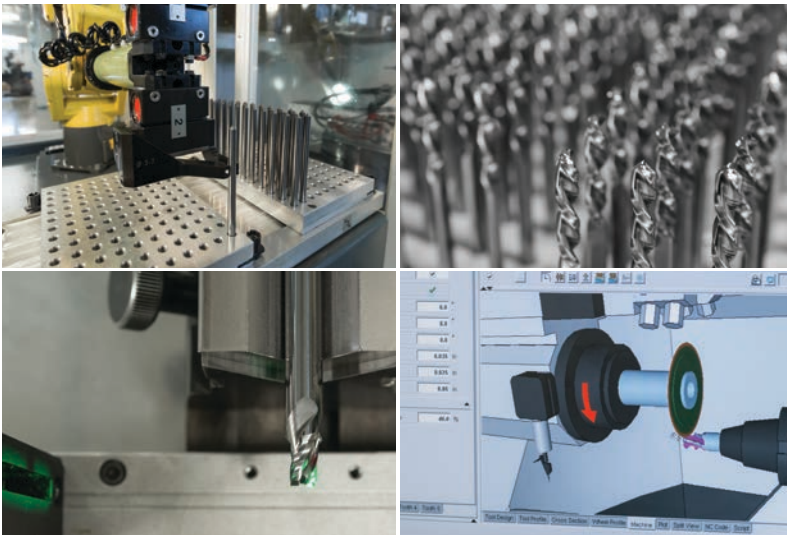

Emergencies happen and the Cutwell FireDrill™
Program is here to keep your production running.
Custom specials in 2 weeks!

Reduce cutting tool orders from weeks to days.

The Cutwell FireDrill™ Program is productivity insurance. Simply send your tool drawing or custom requirements and we'll reduce the normal production turnaround **from 5–8 weeks to 8–12 business days!**

- Step Drills
- Reamers
- Combo/Tap Drills
- Form Endmills
- Keyway Cutters
- Drill & Ream Combo Tools

Get uncoated tools in 8–10 days, and PVD coated in 10–12 days!

To learn more about how Cutwell FireDrill™ can help your production, contact us today!

Uptime emergencies happen. Cutwell FireDrill™ is ready.

Sharon-Cutwell Co., Inc. | 2192 Hwy D, PO Box 211 | Belgium, WI 53004
